

To: All IFLRY Member Organizations
Concerning: Letter of resignation of Frosina Kostovska

London, December 6, 2006

IFLRY is the biggest organization, which contains a lot of organizations from all over the world. That's why with full respect I can tell that is one of the most respected organizations in the world. IFLRY is supporting liberal ideas, spreading liberal visions, helping in achieving more human rights, fighting against racism, discriminations, supporting freedom of movement and all other problem that the world is facing these days.

I am one of all young people, who are honored to be in such organization. But, also I am one of few people to have the honor to lead this organization.

But, unfortunately my situation didn't allow me to accomplish and to go on with the projects that I start already to negotiate. First of all, the obstacle was my health, which was very serious and for which it was forbidden for me to travel. Second, was the election in summer that was very important for my party. And the last but the most main obstacle in this moment is that I have a job in public administration and for six months I can not have days off. I regret that the situation is like this right now, and that I can't fulfill all the tasks that I have to achieve for IFLRY and for you.

I am sorry if I was not able to accomplish all of my tasks, but I assure you that I did my best and was honored to be a part of this organization and the team of IFLRY. However I am very glad to have met different people and made many friendships.

I will withdraw from the board of IFLRY but I will support your decision for every person that you all think is the best to have the place in the board and that he will give a lot of support to all of you and to IFLRY.

I will be always here for you if you need my help!

Good luck to IFLRY, good luck to all of you and I wish you all the best.
